salpoente®  
SINCE 1991

## Welcome to an experience of pleasure and sophistication, surrounded by history, art and charisma, in the heart of Aveiro's lagoon.

At Salpoente restaurant, we are passionate about what we do and we strive, in every detail, to provide unforgettable moments.

We want good gastronomy, art, and dedication to make you feel part of the family, with comfort, tranquillity, and refined sophistication.

We aim to build a premium identity in our cuisine, based on the latest gastronomic trends and inspired by the roots of our region and traditional cuisine, including international influences.

This is our tribute to our land, to the flavours it offers, to its people and raw materials — a legacy of many generations that we aim to modernise.

Located at the heart of Aveiro's lagoon, the restaurant stands out across the country for its architecture, which surprises and inspires: two salt warehouses from the 19th century, carefully restored, respectful of the city's identity and the riverpeople's heritage.

Every detail of the work by Duarte Duarte, the Author-Architect, is a celebration of the past embodied in the present.

Come savour and feel our contribution to this history, from which we are part.

Thank you for your choice and your trust.
